

Standard Information

Standard Number: UL 935

Standard Name: Fluorescent-Lamp Ballasts

Standard Edition and Issue Date: 10th Edition Dated May 21, 2001

Date of Revisions: August 7, 2014

Date of Previous Revisions to Standard: 10th Edition Revised December 6, 2013 (Admin)

Effective Date of New/Revised Requirements

Effective Date (see Schedule below): **March 2, 2015**

Impact, Overview, Fees and Action Required

Impact Statement: A review of all Listing Reports is necessary to determine which products comply with new/revised requirements and which products will require re-evaluation. **NOTE:** Effective immediately, this revised standard will be exclusively used for evaluation of new products unless the Applicant requests in writing that current requirements be used along with their understanding that their listings will be withdrawn on Effective Date noted above, unless the product is found to comply with new/revised requirements.

Overview of Changes: Added new requirements (Supplement SC) for line-dimmable ballasts, and Revised requirements (Section 30 deleted and Added Supplement SD) for Type CC Ballasts and Arcing Test). Specific details of new/revised requirements are found in table below.

Schedule: So that shipping of products with Listing Marks will not be interrupted, an **approximate** schedule has been established to ensure Listing Reports are found compliant by Effective Date:

- **NOTE: Due to the URGENCY identified by the SDO of an Effective Date of 6 months, Intertek will immediately begin to review all Reports. Update if compliance is verified or issue Findings Letter/Quote for any re-evaluations needed.**
- October 3, 2014 = 5 Month Quote Cut-off – Quotes returned for necessary re-evaluations
- February 2, 2015 = 30 Day Warning – Client advised of all non-compliant Reports to be Suspended
- **March 2, 2015** = Effective Date – ATM Suspended for all non-compliant Reports

Fees: An initial review of Listing Report (s) will be covered by a direct billing project and will be invoiced at not more than \$1000 per report.

Client Action Required:

Information – To assist our Engineer with review of your Listing Reports, please submit technical information in response to the new/revised paragraphs noted in the attached or explain why these new/revised requirements do not apply to your product (s).

Current Listings Not Active? – *Please immediately identify any current Listing Reports or products that are no longer active and should be removed from our records. We will do this at no charge as long as Intertek is notified in writing prior to the review of your reports.*

Standards Update Notice (SUN)

Issued: September 5, 2014

Description of New/Revised Technical Requirements

Clause	Verdict	Comment	NC#
30.1, 30.2, 30.3, 30.4, Figure 30.1, 45.5.11	n/a	Deleted. See new Supplement SD
