

制造体系咨询服务

挑战

作为一家中国的制造企业，仅仅生产价格低廉、符合最低质量标准的产品已经远远不够了。除不断要求降低成本、提升质量外，海外买家还向中国制造商提出了越来越多的与产品质量无直接关联的要求。

不同行业的大买家都要求他们的供应商包括中国的供应商，符合以下五个方面的一系列标准和规范，包括：劳动（如工作时间、工资和福利）、健康和安全（如职业安全、劳动卫生）、环境（如污染防治、节约资源、气体排放）、管理体系（如管理层责任、风险评估、风险管理），以及商业伦理（如商业诚信、知识产权）。

如今，作为供应商甄选过程的一项重要指标，许多海外买家会依据其企业内部的标准或规范、国际认可的标准，或某些国家的法规要求，对其供应商的工厂针对上述某些要求进行评估。

我们的解决方案

要了解并理解这些要求，对许多中国制造企业来说已经是一项难题，而更大的挑战是如何找到一个既节约成本，又利于持续发展的解决方案。如果您恰恰是这类工厂的管理者，正在绞尽脑汁地研究这些要求、实施符合性解决方案，或者需要接受相关的符合性审核，那么Intertek可以提供最专业有效的帮助。

我们很高兴地宣布，Intertek已经开发出一套制造业咨询服务体系，可以帮助您解决在质量、道德规范、环境、健康和安全、保安，以及有害物质控制等方面遇到的难题。我们提供标准型服务，包括初始评估、整改计划的制定，以及整改计划的实施等，另外，我们还可以根据客户的需求，量身定制个性化的服务方案。我们还可以帮助您开发中长期改善计划，以提升您的企业竞争力。

无论您身在何处，Intertek都将以最完善便捷的服务，满足您的需求，甚至超越您的期望。了解更多的Intertek制造业咨询服务，请立即联系我们。

为什么选择Intertek?

Intertek是全球领先的质量和安全管理公司，可以为众多行业和产品提供相关服务。Intertek致力为客户的产品和体系提供增加价值，帮助客户赢得国际市场上的成功。

Intertek实验室和办事处网络遍布全球100多个国家，员工人数超过22,000人，凭借国际化的专业技术和资源，为客户提供优质的本地化服务。

Manufacturing System Consulting Services

Challenge

As a manufacturer in China, it is no longer enough to make a product at low cost and with minimum acceptable quality. Besides the continuous pressure on further cost reduction and with better product quality, the manufacturers in China are requested by their overseas buyers to comply with more and more requirements that are not directly related to product quality.

Major buyers from different industries will request their suppliers, including those located in China, to comply with a set of elements in five different areas: labor (e.g. working hours, wages and benefits), health and safety (e.g. occupational safety, industrial hygiene), environmental (e.g. pollution prevention and resource reduction, air emissions), management system (e.g. management accountability and responsibility, risk assessment and risk management) and ethnics (e.g. business integrity, intellectual property).

As an important criterion in their supplier selection process, many overseas buyers nowadays will evaluate some of the abovementioned elements in their suppliers' factories according to their in-house standards or specifications, internationally-recognized standards, or regulatory requirements requested by certain countries.

Our Solution

Understanding the requirements has already been a challenge to many China manufacturers, but a bigger challenge is to find a solution that is both cost-effective and sustainable in the long term. If you are one of those factory managers who are struggling to understand the requirements, implement a solution that satisfies the requirements, or pass the audits that are done to evaluate the satisfactory compliance to the requirements, there is help from Intertek.

We are glad to inform that Intertek has developed a set of manufacturing system consulting services to assist you with your problems no matter whether they are related to quality system, ethical system, environmental, health and safety system, security system, hazardous substances control system, and so on. We provide both standard services and customer tailored services. Standard services include initial assessment, development of effective corrective action program, implementation of corrective action program, and so on. We can also assist you to develop a medium to long term improvement program to advance your corporate competitiveness.

Whatever your needs are, we are confident that Intertek's services will meet or exceed your expectations. To learn more about our manufacturing system consulting services, please call us today.

Why Intertek?

Intertek is a leading international provider of quality and safety services to a wide range of global and local industries. Partnership with Intertek brings increased value to customers' products and processes, ultimately supporting their success in the global market place.

Intertek has the experience, expertise, resources and global reach to support its customers through its extensive network of laboratories and offices and over 22,000 people in more than 100 countries around the world.
