

SA8000服务

挑战

在当今市场中，消费者日益关注自己所购商品的生产环境，对这方面信息的获取渠道也越来越广，因此要求品牌持有者和零售商对商品的价值和整个生产供应链的道德水准负起责任。那么，企业如何证明自己已采取了尽职措施？您是否100%确信自己的整个供应链已实施了社会责任标准，并且能够持之以恒、不断改善？

我们的解决方案

1996年，Social Accountability 8000标准被制定出来，作为一项适用于各行业产品的标准，成为衡量企业社会责任表现的准则。SA8000提供了一套透明、可测评、可验证的标准，从9个关键领域对企业的表现进行认证：

- * 童工
- * 强迫劳工
- * 健康和安全
- * 自由结社和集体谈判的权力
- * 歧视
- * 纪律执行
- * 工作时间
- * 薪酬
- * 管理体系

作为认证之外的另一种选择，您的公司可以选择第三方审核，而不进行认证。Intertek提供的第三方审核包含认证审核的所有方面，但不强制要求监督性审查。第三方审核可为您企业的社会责任系统提供差异分析。

任何劳动标准监督计划的有效执行依赖于监督数据收集和可信性、准确性、完整性、透明度和速度。Intertek在全球100多个国家拥有超过1,000家实验室和分支机构，基于对当地劳动事务、工厂安全和环保法规的深入了解，Intertek开发出相应的监督服务。凭借丰富的专业知识和经验，我们可以为您的公司定制最切实有效的社会责任计划。

Intertek天祥集团已于1999年获得Social Accountability International的认证许可，此后一直与该机构紧密合作，大力推广社会责任体系和SA8000标准。Intertek审核小组会实地视察客户企业，评估其社会责任体系的执行情况及成效是否符合SA8000的要求。SA8000证书的有效期为三年，在此期间，Intertek会进行监督性审查，确保企业持续履行社会责任的各项标准。

Social Accountability (SA) 8000 Services

The Challenge

In today's marketplace, consumers are increasingly interested and informed regarding the labor conditions under which the products they buy were produced. They are now, more than ever, holding brands and retailers responsible for upholding declared values and ethical practices throughout the supply chain. How do you prepare to demonstrate due diligence? Are you 100% confident that throughout your supply chain social accountability standards are being upheld, adhered to, improved upon, and more?

Our Solutions

In 1996, the Social Accountability 8000 Standard was established as a universal standard that could be used across product lines and sectors as a definitive benchmark for social accountability. SA8000 provides transparent, measurable, verifiable standards for certifying the performance of companies in nine essential areas:

- * Child Labor
- * Forced Labor
- * Health and Safety
- * Freedom of Association and Right to Collective Bargaining
- * Discrimination
- * Disciplinary Practices
- * Working Hours
- * Remuneration
- * Management Systems

An alternative option for your company may be to choose to conduct a Second-Party Audit, instead of one for Certification. A Second-Party audit conducted by Intertek will include all aspects of a Certification audit, however it will not mandate surveillance visits. Second party audits may be used to provide a gap analysis of your social accountability system.

At Intertek, we understand that the success of any labor standards monitoring program depends upon the credibility, accuracy, integrity, transparency, and speed with which monitoring data can be collected and analyzed. With over 1,000 offices and laboratories in over 100 countries, Intertek has created monitoring services based on an in-depth understanding of local labor issues, workplace safety, and environmental laws and regulations. Our depth of knowledge enables us to create a social accountability program for your company that will best fit your needs.

Intertek has been accredited by Social Accountability International since 1999, and continues to work with the organization to promote understanding of social responsibility issues and the SA8000 Standard. The Intertek auditing team will visit your organization's facilities and assess the implementation and effectiveness of the social accountability program to confirm compliance with SA8000. We offer SA8000 Certification with a validation of a three year period. During this period, Intertek will conduct surveillance audits to ensure the facility is sustaining social accountability standards at every angle.
