

Standard Information

Standard Number: NSF 18

Standard Name: Manual Food and Beverage Dispensing Equipment

Standard Edition and Issue Date: 2016 Edition Dated June 1, 2016

Date of Previous Revision to Standard: 2012 Edition Revised August 8, 2012

Effective Date of New/Revised Requirements

Effective Date (see Schedule below): **September 15, 2017**

Impact, Overview, Fees and Action Required

Impact Statement: A review of all Listing Reports is necessary to determine which products comply with new/revised requirements and which products will require re-evaluation. **NOTE:** Effective immediately, this revised standard will be exclusively used for evaluation of new products unless the Applicant requests in writing that current requirements be used along with their understanding that their listings will be withdrawn on Effective Date noted above, unless the product is found to comply with new/revised requirements.

Overview of Changes: The revisions in the new 2016 edition can be found in clause 7.4 and are **applicable only to oil dispensing equipment**. Specific details of new/revised requirements are found in table below.

If the applicable requirements noted in the table are not described in your report(s), these requirements will need to be confirmed as met and added to your report(s) such as markings, instructions, test results, etc. (as required).

Schedule: So that shipping of products with Listing Marks will not be interrupted, an **approximate** schedule has been established to ensure Listing Reports are found compliant by Effective Date:

- January 16, 2017 = 8 Month Report Review – Intertek will review all Reports. Update if compliance is verified or issue Findings Letter/Quote for any re-evaluations needed
- March 15, 2017 = 6 Month Quote Cut-off – Quotes returned for necessary re-evaluations
- **September 15, 2017** = Effective Date – ATM Suspended for all non-compliant Reports

Fees: An initial review of Listing Report (s) will be covered by a direct billing project and will be invoiced at not more than \$1000 per report.

Client Action Required:

Information – To assist our Engineer with review of your Listing Reports, please submit technical information in response to the new/revised paragraphs noted in the attached or explain why these new/revised requirements do not apply to your product (s).

Current Listings Not Active? – Please immediately identify any current Listing Reports or products that are no longer active and should be removed from our records. We will do this at no charge as long as Intertek is notified in writing prior to the review of your reports.

Standards Update Notice (SUN)

Issued: October 17, 2016

Description of New/Revised Technical Requirements

Clause	Verdict	Comment
7	Info	Product literature
7.4		The manufacturer of oil distribution systems that only circulate fresh, edible oil throughout the system shall provide a manual that describes the recommended procedures for the operation and maintenance of the equipment. The manual shall include the following statement: "Oil distribution systems shall only circulate fresh, edible oil throughout the fixed system"
		CUSTOMERS PLEASE NOTE: This Table and column "Verdict" can be used in determining how your current or future production is or will be in compliance with new/revised requirements.
